

Synoptic Data Viewer

The Largest Global Real-time Environmental Data Platform

Synoptic.

Sharing Earth's Data

A Purpose-Driven Company

PURPOSE

To build the largest, global real-time data platform for weather and environmental data that empowers users with timely and accurate information to help them make informed decisions.

MISSION

To provide access to weather and environmental data to support decisions that save lives, protect property, and enhance our understanding of Earth systems.

VISION

To be the world's largest and most trusted source for real-time global weather and environmental data

Synoptic is proud to be a Public Benefit Corporation and a Certified B Corp - doing business for good.
