Help us keep you up to date with changes and anomalies!

DADDS website can be accessed via any of the following four (4) servers

```
https://dcs1.noaa.gov
```

https://dcs2.noaa.gov

https://dcs3.noaa.gov

or

https://dcs4.noaa.gov

- ➤ SUA renewals are every five (5) years and every year for manufacturers but feel free to update the SUA at anytime.
- Typically the person who submits the SUA is automatically listed as "requester". This role can be updated by NESDIS at any time. The 'requester' must be registered in DADDS.
- ➤ The person listed as 'requester' in the SUA will receive renewal notifications via email.

➤ The email notification will request the user to login to DADDS to update SUA. Users will be prompted to update SUA once logged in.

- ➤ Update the Data Collection Timeframe, specifically the end date
- ➤ Update the number of platforms under Platform Types/Timed
- > Update Platform locations in the 'Platforms' window.

> DON'T FORGET TO 'SAVE' AFTER YOU ARE DONE.

➤ Since there is no registration limitations for each Organization, we encourage all involved with GOES DCS to complete a DADDS registration and become familiar with the system.

Any Questions?

➤ Go to one of the DCS servers (DCS1-DCS4) and Click on "Forgotten Password".

- ➤ You will then be asked for your email address and for correct answers to your security questions.
- ➤ The default answers to both security questions will be your last name+PIN (no space before, after or in between).
- ➤If you forgot your PIN contact letecia.reeves@noaa.gov, valerie.randall@noaa.gov or call Wallops help desk at 757-824-7450 for assistance.

Forgotten Password continued

- ➤ When the answers to the security questions have been answered satisfactorily you will be emailed a temporary password.
- ➤ Append the 'PIN' to the end of the temporary password to make it complete (DO NOT ADD SPACE). Suggest copying and pasting the temporary password.
- > You will be prompted to create a new password.

- > When creating a new password make sure to use the following guidelines:
 - Minimum length of 12 characters
 - Must contain at least 1 upper case letter
 - Must contain at least 1 lower case letter
 - Must contain at least 1 numeric character
 - Must contain at least 1 special character (ie. !, @, #, \$, etc.)
 - Cannot contain more than 2 repeating characters
 - Passwords expires after 60 days
 - Passwords cannot be reused for 2 year.

The End Any Questions?

Thank you
